

This exploded perspective view shows the assembly 53, which includes a main frame 85 and a base 79. The frame 85 is connected to a base 79 via a hinge mechanism 87. A handle 83 is attached to the base 79. A locking mechanism 89 is shown in an exploded position, ready to be assembled onto the handle 83. The base 79 features a series of mounting points 119, 123, 133, 143, 145, 147, 149, and 151, which are used to secure the handle 83 and the locking mechanism 89. A pin 93 is shown in an exploded position, ready to be inserted into the handle 83. A pin 97 is shown in an exploded position, ready to be inserted into the base 79.
